

JULY FEATURED PRODUCT:

Ontario Wheelchair is proud to announce its' partnership with TEMPUR Canada.

With TEMPUR, your body is suspended in a natural sleeping position, in a way that no other surface can offer. Tempur-Pedic® Swedish Mattresses and Pillows(TM) dramatically reduce pressure points that cause you to toss and turn by absorbing and distributing your body weight evenly, resulting in a more restful, more comfortable night's sleep. We invite you to experience TEMPUR for yourself by calling Grant at 705-327-1261.
